## EPJ - Nuclear Sciences & Technologies

*EPJ Nuclear Sciences & Technologies* (EPJ N) is an open access, peer-reviewed journal providing a platform for the publication of original research, ideas and developments in all areas of the peaceful use of nuclear sciences and technologies, as well as applications of nuclear particles and radiation.

*EPJ N*'s broad scope includes: nuclear reactor physics, reactor mechanics and thermo-mechanics, thermal hydraulics, nuclear instrumentation and control, nuclear measurements, human-machine systems, operational management, nuclear safety, reactor chemistry and radiochemistry, nuclear materials and fuels, fuel cycle and safeguards, radioactive waste management, fusion energy, medical physics, and environmental sciences.

## Key Elements

- ✓ **Open Access** – freely available globally
- ✓ **Comprehensive, interdisciplinary** scope covering all nuclear sciences and technologies
- ✓ **Rigorous peer review** by academic and industrial experts
- ✓ **Indexed in major international databases**
- ✓ **Officially supported by SFEN and ENS**, connecting you to the nuclear science community
